(Psalm 23:4-5a)

3. God's promises are countered by wicked _____

5. God's promises are still true amidst _____

(Application questions on back)

APPLICATION QUESTIONS:

1. Take a moment to write down some attributes of God (i.e., loving, holy, etc.). How can these attributes strengthen your faith in God's promises?
2. How has someone's faith during their trial been an encouragement to you? How might God want you to encourage others in your trials?
3. What are the "rocks" that are threatening your faith right now? What might God be wanting to teach you through those trials?
